

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

I am

Applicant seeking a loan

I'm trying to

Secure a loan for property

But

Married with no co-applicant income

Because

Self-employed with a good credit history

Which makes me feel

Optimistic about loan approval

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A borrower facing financial difficulties and multiple loan repayments.	Manage my debts, analyze my financial health, and find the best settlement option. Financial calculations are complicated, and I don't have access to personalized financial guidance or negotiation support.	Stressed, uncertain about my financial future, and worried about becoming debt-free.
